NATIONAL PRESIDENT'S MESSAGE

Howdy brothers and sisters. The 106th family reunion is now in the past and I look forward to the coming year. I would like to thank Beta Eta Winchester for a well-run convention. Winchester has this care free appearance about them that carries a reputation of partiers, but behind the scenes they were very organized and professional which led to a smooth running weekend. I thought it was well attended with nine couples from Michigan City alone and a representative from all but three chapters. Beta Eta was also honored to have their own Diane Dull as new our National Sweetheart.

I bet our founding fathers would never imagine the technology that we have today. As we, the fraternity grew from the early years to now, the technology grew with it. Cars got bigger and faster, so that they could go further distances. The phones can go with brothers so that they can keep connected with each another. Airfare became affordable so what used to take days to go to now takes a couple of hours. Now the Internet is here and how can we use it to help us?

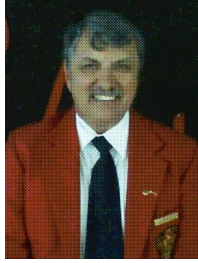

This past year, we did some testing and trial runs to explore the possibility of what this new technology can do for us. We held the spring SEC online with our national officers from Florida (we had some problems but it worked). In May, we used Skype at a Winchester meeting with Bruce Smith in Kokomo. He watched and interacted with the brothers, then I Skyped with brother Chris Linsinbigler at his chapter to see if we could have a good enough connection so I could watch one of Florida Nu's meeting. More chapters are installing wireless Wi-Fi as a benefit to their members, so why don't we take advantage and use it as a new way to fellowship. There are other things that we can do with Internet, like bowling with the Wii from chapter to chapter and make a kind of bowling league of sorts.

Although I want to try and use this new form of communication, it is to be used to complement a way of fellowshipping, not to replace the good old fashioned traveling and visiting of brothers. Nothing replaces having a beer and a burger with a brother. As I let you go, I want to express my thanks to you for letting me have the opportunity to serve you this coming up year.

Brian Nelson
National President

Sam Agresti
National Vice President

Well hello to all from rainy south Florida. The national convention is behind us now and it is time to move on. Winchester Beta Eta Chapter needs a gi-

gant thank you from all of us for hosting a great convention. All the hard work from the Beta Eta family made the convention a big success.

To outgoing President and new PNP Craig Brutout, thank you for being our passionate leader last year. Congratulations to the new SEC board: President Brian Nelson, Sam Agresti, Vice President, Chris Parks, Master of Ceremonies, Jeff Woolf, Auditor, Greg Trombly, Sergeant of Arms, Chris Linsinbigler, Inner Guard and Bruce Smith, Outer Guard.

New National Sweetheart for 2012 is Diane Dull. Congratulations and thank you to Karen Williams for the past year as our National Sweetheart. I feel this year will be outstanding with PDK gaining in membership and more brotherhood will be displayed by all. It is time for the members and chapters to work on their individual goals so that by next convention in Kokomo, we will have another great convention to talk about. I will continue to ask chapters to send new members and encourage participation from all chapters at our national convention so we can show true brotherhood.

More brothers need to think about being a National Officer candidate in order to be our leaders of the future. I have met some very good

candidates and hope they consider the challenge. I will focus this year on the Hot Line, Relief Association. National Circle of Excellence Award, Spring SEC and the National President of the Year Award. This should be a major job as well as helping our National President with anything he needs me to do.

I hope to see my brothers at chapters in Indiana that I've missed in my travels this year. Speaking of travels, I came to convention this year on Tuesday and did a road trip to Kokomo, Peru, Wabash and Marion. Beside meeting brothers and seeing chapter houses, standing next to the Founders Memorial in Marion was the finishing touch on a day I truly will remember. I want to thank everyone for making this past convention one of the best for me. Proud to be a Phi Delt.

September
Chris Parks
National Master of Ceremonies

H e l l o Brothers and Sweethearts! Here it is the September article the one article as National Officers we look forward to writing, the easiest one of the year. With having just left another great convention, the subject matter for our articles is readily at hand. First I'd like to start with the "Brut" our newest PNP and with that all of our chapters will be able to get their microphones out of hiding! Craig as you look back at the time

you spent in the chairs, as you contemplate what impact you had on the fraternity, you should be proud. For I believe your legacy will be that you caused debates on a wide array of subjects that affect the fraternity as a whole, thus resulting in the fraternity benefiting as a whole. I do wish all the best in your future endeavors, as I know you will continue to travel as the fraternity and Dunkin Donuts cannot afford you not to.

National President Brian congratulations! I am looking forward to a great year with you at the helm, for I know this to be true with all you have accomplished in your first 10 hours as our President. You are already leaps and bounds ahead of PNP Brutout! You didn't forget Candie!

To all of my fellow National Officers, congratulations on your moving to the next chair. Brother Bruce, welcome to the chairs! You are in a rather unique situation as Brian is writing his last chapter on his journey through the chairs and you writing your first. I think if you get enough coke in Brian, you might just find out that it is him who envies you as our time in the chairs seems so short now.

Congratulations to our new National Sweetheart Diane Dull. Here at Beta Eta, we are so proud of you and we know that your reign as National Sweetheart will be memorable and to ensure that it will be for the next year we will change

PNP Scott Dull to CB (cabana boy) Scott Dull!

Beta Eta, as my home chapter, I'm kind of biased here, but I think everyone who attend the convention would agree that Beta Eta went above and beyond to ensure that this was one of the best convention of all times. I'm not sure how they did it, but they went as far as importing rain for our brothers from Gamma Theta! What will they think of next? Only time will tell.

September
Jeff Woolf
National Auditor

Greetings Brothers and Sweethearts;

The 106th National Convention was another success. Beta Eta Winchester

should be proud of what they presented to the fraternity. From well decorated ballrooms to a great atmosphere for the meetings, everything was well thought out and presented. Congrats to you, Beta Eta.

It is always a pleasure reacquainting with our brothers from other chapters. Unfortunately this year, I did not get to socialize as much as I had hoped to. Brothers, I was not snubbing you, I was just very busy through this convention. I will make up for it in the future. One of our local Brothers said "When you host convention, you don't really get to enjoy it until it is over!"

That may not be entirely true, but it does have merit.

Brian Nelson is our new National President. I am looking forward to working with him this year as I have watched him grow with each move he made through the chairs. He has many good ideas that he intends to move forward with in the coming year. I believe it is going to be a good year for PDK.

I also got to spend some time with the two newest National Officers, Chris Linsinbigler and Bruce Smith. After just a couple of conversations, I could tell that both are serious about their offices and the future of the fraternity. I am going to enjoy working with each of them.

I will be running 20/20 this year. With the economy, last year was a little lean. Plan ahead and save up your change to purchase some tickets this year. Sales will be starting in the not too distant future.

NATIONAL CONVENTION
Gregory Trombly
SERGEANT-AT-ARMS

Hello from MS ALPHA, the Hospitality Chapter. I would like to thank

the members of Beta Eta of Winchester for making it an outstanding 106th National Convention. Arriving at the Winchester Hotel late in the afternoon I checked in and headed out to Beta Eta Chapter House to

attend a meeting at 8:00 that night.

The chapter house had many brothers attending both Beta Eta and visiting Chapters. At the business meeting they discussed much about last minute details for the 106th National convention and two new members being installed at the ritual the next night.

The next day, I teamed up with Sam Agresi and Jerry Johnson of Florida Mu for a road trip to Kokomo Beta Nu. We met Brian Nelson now our National President. He gave us the tour of the Chapter house. It had a wall with pictures of Past National President and Sweethearts and their Charter. Their 100 year anniversary will be next year. They had a Pool table, card table, and a big screen TV. It will be home to the 107th National Convention. We visited and then had lunch at Louie's Coney Island, home of the original baked hamburger. Candie, our new First Lady, joined us just before we left to go to Peru Lambda.

Arriving at Peru Lambda, we discovered it to be in a very old colonial house in a quiet area of Peru. It was said to have been an American Legion at one time. Knocking on the front door and ringing the door bell proved fruitless, so we took pictures and started to leave but saw a back street that led us to the back parking lot with a truck there, Brother Johnson knocked on the door and Brother Tom Eddy of Peru Lambda opened the door and invited us in. We

had a drink and he gave us a tour of the Chapter house. It had old photos of past PDK conventions on the wall, some going back to 1907. They had a shuffle board and a pool table downstairs and the meeting room was upstairs. A sign on the bulletin board boldly stated, "WHAT YOU SEE, WHAT YOU HEAR, WHEN YOU LEAVE, LEAVE IT HERE". Then another member came in Brother Alan Jackson he also told us some history of the Chapter house Cole Porter was the most famous member there and pointed out his picture on the wall. He said they also had 48 members and are starting to pick up membership. Peru Lambda is said to be a man cave, it sorts of fits!

Our next stop was Beta Beta in Wabash it was closed so we took pictures and headed to Alpha in Marion were we visited the monument and took pictures of where it all started. Until next month, Remember if it is to be it is up to me! Proud to be a Phi Delta! Greg

Chris Linsinbiger
National Inner Guard

Hello Brothers and Sisters from the Flagship of the south. First of all I want to say THANK YOU to all of you for the confidence in me by allowing me the opportunity to

move up in the chairs to National Inner Guard. I will do my very best.

Next I want to say Thank You to Beta Eta, Winchester for an excellent National Convention. What a great time, great weather, and great fellowship. Everything went according to plan. The chapter house is beautiful and very hospitable, just good people. I want to congratulate Brother Craig Brutout on being our newest "PNP". I know he will represent us very well. Good job, Craig. I also want to congratulate Brother Brian Nelson on being elected to be our National President. I know he will do a wonderful job with his ideas, passion and his love of our fraternity. Also congratulations to Brother Bruce Smith on being elected to be our National Outer Guard, as well as all the members of the SEC. I know as a team we will succeed.

I also want to congratulate Diane Dull for being named our new National Sweetheart, and our new PNS Karen Williams, "Enjoy It".

Next, I can't express my gratitude for being nominated and being named Chapter President of the Year, what a surprise and a fantastic honor. A heartfelt Thank You to all. I will wear the green jacket with pride, always. I couldn't have earned it without the help and support of one fine chapter FL NU or without the help and guidance of all the fine brothers in this wonderful fraternity.

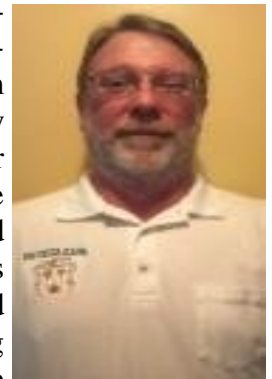

Looking forward to seeing everybody in my travels and in theirs at Fall SEC being hosted by Mississippi Alpha. You know what a good time they

will show us all. River Ranch in February is being hosted by Florida Alpha Lambda and then come on down to Southern District being hosted by the flagship of the south, Florida Nu.

Looking forward to an exciting and adventurous year. Again Thank You .

Communications
Buce Smith
National Outer Guard

Hello brothers and sweethearts. I am your newly elected Outer Guard. I have composed many articles in the past and enjoy opening my mind up

on the keyboard and seeing what falls out. My hope with the next several years of articles is to inspire our brothers, bring some laughs, and to lead our fraternity the best I can.

I would like to put in print a HUGE thank you to Beta Eta, Winchester on being such fine National Council hosts. Many fine brothers and their sweethearts made this yearly event very fun and successful. Congratulations to our new National Sweetheart Diane Dull, and to our newest PNP Craig Brutout.

Our society sure has changed quite a bit since the Phi Delta Kappa Fraternity started. The

way we get from point A to point B is one of the biggest. Communication is the other. We now call the US Postal Service snail mail. An average of two days to deliver a letter is just not quick enough anymore. We want and expect instant gratification. I still walk out to my mail box everyday but Sunday. I only check my email about once a week, unless I am expecting something. So for me, the regular mail is quicker. I know that if I log onto the computer, I am going to be camped there for some large amount time. I will go to Facebook, several newspapers on line, Youtube, other sites and I may even forget that I originally logged on to check my email.

That being said “times, they are a changing”. Newspapers, magazines, work documents, etc. being in print are slowly dying. The printing press brought the world closer together. It allowed mass produced writing and news to be spread much more quickly and accurately than word of mouth. Electricity, telegraph, then telephones sped the communication process to an almost instant knowledge of what was going on in the world. Television and then space age satellites sped the process even more. “Miss a day, miss a lot” became a slogan. The advent of personal computers and the internet have made the communication between many people at one time almost instantaneous.

I love our National Magazine. I love the fact that I (or any other brother or sweetheart) can communicate to the WHOLE fraternity in words that are written and

can be referenced at a later date. The written word, when done correctly, is a solid form of undisputable thoughts and purpose. You cannot backpedal and state “well that is not what I said”. If it is in black and white, then there is no doubt about what was being stated. I know I ruffled some feathers in the past with a couple of my articles. I want to see the passion amongst our brothers to be upfront and real. I am sure I will invoke discussions about whether or not I am trying to stroke somebody’s fur the wrong direction in the future. Once you get to know me you will realize that I have a passion for OUR Fraternity that is heartfelt and very real.

One of the items discussed at the National Council was our beloved magazine. The cost to print and snail mail the magazine is our largest national expense. Changes are passionately discussed every time a large group of Phi Delt brothers get together. The ideas are getting listened to and the best and most popular are rising to the top. Trust me when I state that improvements are coming in the next several years. Please get on line and checkout our website and give us feedback. Give us this feedback via an article or in person. This is OUR fraternity and WE need to maintain it and mold it into something that can last several hundred more years. I hope you enjoy my ride through the chairs and my articles as much as I enjoy giving back to Phi Delta Kappa. Hug a brother and let your sweetheart know that you love her every day.

Hello from Cracker Country By David Rieker

Hello again from cracker country. Mary and I took in the Seminole Indian gambling casino over in Tampa the other day and night. WOW!!! Wall-to-wall luxury. It’s a palace that uses up maybe two city blocks. Who would have believed it. Back when I was a kid, I remember traveling with my family to Miami from the Tampa Bay Area and we would use Highway 41 or the Tamiami Trail, as it is called. There’s a stretch of road from Naples to Miami that is essentially clear across the state of Florida. Nothing but wild-life and trees. If you didn’t buy gas before heading across this stretch of road, you might get stranded in the Everglades. So the Seminole Indians found a way to pick up a few extra bucks by selling gas. They would sit on the road-side with a can of gas and a sign that said “Gas-\$1.00-gallon.” Can you imagine, buying Gas at a station, reselling it for \$1.00 a gallon and making a profit, today? I guess you might say, These Seminoles Have Come A Long Way Since Then!!

Oh, I know that’s a long time ago too. Now if you want to go back further in history and time, you must talk to Jim Bates. Why, I recall, just the other night at club, how Jim was bragging about what a great job he did, defending the Alamo. He was dropping names like Jim Bowie, Davy Crockett, and Santa Ana. He also said, “he wishes I had been there!” I wonder what he meant by that. By the way, if you are talking to him, please don’t tell

COMING EVENTS

- Sept. 21 - 22 **Gamma Theta Hog Roast, Gamma Theta, Danville, IN**
 Oct. 6 **Bonfire and Games, Gamma Theta Hog Roast, Danville, IN**
 Dec. 8 **Kids Christmas, Gamma Theta Hog Roast, Danville, IN**

Standing Events

- Every Friday, Dinner, Gamma Theta, Danville, IN**
Every Saturday, Steak Dinner, Mississippi Alpha, Meridian, MS
Every 2nd Friday, Bingo & Dinner, Florida Nu, West Palm Beach, FL
Every 2nd Saturday, Men's Breakfast, Mississippi Alpha, Meridian, MS
Every 3rd Friday, Dinner, Bunko, Florida Mu, Lake Worth, FL
Every 3rd Saturday, Dinner, Beta Nu, Kokomo, IN
Every Last Friday, Blues Jam, Beta Nu, Kokomo, IN

We can only put it in the Coming Events if you let us know!! By letting everyone know what is happening and when, it allows more members to make plans to attend.

him you heard any of this from me. Well-- the truth is, we could use a few more like him at club!

Now for fiction and fact from the Phi Delt Almanac. A panel of egg-heads was needed to analyze the mental condition of folks who reminisce all the time. Phi Delt's are always talking about yesterday so we were chosen to do the study. After in-depth research, we concluded that everyone should try not to live too much in the past. There's no future in it!!.

Relief Association By Sam Agresti

Dear PDK brothers: This past convention saw for the first

time in quite awhile some very interesting discussions on the state of the Relief Association for PDK. For new brothers, as well as older members, this is where chapters donate \$1 as a death assessment when we have a member pass away. The family will be sent a check for \$500 from the association. The problem that was discussed at convention was that that we do not have all chapters contributing to this fund. The three chapters that are not members are Beta Eta Winchester, Gamma Theta Danville and Gamma Lambda Michigan City which are our some of the biggest member chapters.

Reminder again only a member from chapters in the association will get this benefit at this time. Now the discussion was on the fact that we have many elderly brothers in all chapters and that the money award will be gone as more brothers cross

the sands of the desert. A plan was proposed that may enable all chapters to show brotherhood and we can all be under the association for the first time in a long time. Financially, this plan could resolve the big chapters from paying more than smaller ones and the death benefit could still be adequate. This is the first step and as Relief Association Chairman I will try to make this happen this year. I've been promised that non member chapters will discuss this in their chapters with all members. I hope to be able to discuss this concern in future newsletters with updated information as it takes place. Any concerns or comments about the association can be directed to Sam Agresti at sdagresti@comcast.net or my cell is 561-714-6694. Proud to be a Phi Delt PDK Relief Association Chairman

Hello from Cracker Country By David Rieker

Hello again from cracker country. We had a great social last week. Steak and roasted corn and all the fixings, and wall to wall guests that resulted in a roaring success. Bob Fusco, Tim Musser, Brad and Stephanie Smurr, Bob Gunsaulus, Liz Broadway, Bruce Besack, and Jim Churchill all worked together to make for a super Saturday night. They begged me to do one of my song and dance routines, but when I asked what the going price was for such professional entertainment, Brad Smurr offered me an I.O.U. I said "certainly not! What do you take me for, some kind of Florida Cracker!?" Whups! better not go there. Anyway, they finally said Why don't you do your normal clown routine? I regularly do that for nothing. Well anyway, we all had a great time and my Mary won the 50/50 drawing and she made a generous contribution to the Florida Alpha Lambda Scholarship fund.

I just read that Israel has discovered an enormous amount of crude oil that they can market. The amount rivals that of Saudi Arabia. Now isn't it interesting as to whether they will join the same "Oil Cartel" to which Iran belongs. If you hear anything, let me know. Also, I heard that a private enterprise has launched a space probe to find an asteroid. I wonder if Don Dudley is in on this. Surely it will be necessary to find a place to park this thing and Don did say he was going to create a Meteorite-Port in his back yard. Next week at our club meeting I'll ask him.

Now for fiction and fact from the Phi Delt Almanac. A study was required to discover why people become self-conscious and concern themselves with what others think about them. A panel of Phi Delts were chosen to do the study. The results of the study was, "You wouldn't worry so much about what other people think of you if you knew how seldom they do". So, be well and full of he%\$#/ Cracker Boy, Signing off. Dave Rieker.

The Phi Delta Kappa Relief Association By Jim Cressman

The Phi Delta Kappa Relief Association was created in 1956 to assist the widows or relatives of the deceased brother. The preamble of the Relief Association is as follows:

" It is to be expressly understood that the following provisions are not to be considered as a contract or as an agreement, but that each chapter belonging to the Phi Delta Kappa Relief Association will fulfill its fraternal obligation of membership. The Phi Delta Kappa Relief Association's purpose is to render a service to its members by extending tokens of respect at the time of death of any members of the Association. It is not an insurance association but a mutual means of expressing our respect for our departed brothers."

The purpose of the Phi Delta Kappa Relief Association is stated in Article II of their Constitution.

"Section 1. Purpose of the Phi Delta Kappa Relief Association shall be collection and disbursement of pecuniary tokens of Respect on behalf of the deceased members thereof, assisting thereby in furthering the interests of the Phi Delta Kappa Fraternity, and endeavoring to crystallize in tangible form the spirit of Fraternalism exemplified therein."

Our oath that we all took states in part that we will protect a brother's good name and that we will aid a brother in sickness and death. The relief Association has been aiding the family for some 60+ years.

In the last five fraternal years we have averaged seven token payments per year and in the last three years we have averaged five per year. Prior to 2006 the token payment was \$100-\$200. During the Relief Association meeting at the 100th National Council meeting, the Relief Association members met and agreed to raise the token payment to \$500. We have been paying that amount since that date. These token payments are sent to the chapter as quickly as possible after they have confirmed the death and determined the beneficiary name. In many cases this is one day after notification to the National Office.

I am sure there are members out there who don't know the benefits of their chapter belonging to the Relief Association or if they even belong to the Association. Think about what your chapter

does for the family of a departed brother and what you would like your family to remember of Phi Delta Kappa after you pass. I have received many notes of gratitude from families of departed brothers so I know that the Relief Association tokens are appreciated and are helpful.

Convention
By Jerry Johnson

Hello from Florida. I would like to thank all the brothers of Beta Eta for a great time. They all worked hard and it showed!

Once again if you have never attended a convention or any other national meeting, you are missing out on brotherhood and meeting new people. While we all are different at least you have the right to give input and be heard.

I would like to see some new faces at Kokomo next summer. I will buy lunch at Louies. And speaking of food, the made rites(?) were happening. So please try to attend national functions. They belong to us all. A special hi to Ramon of Beta Beta. Jerry Johnson

What are you in Your Chapter?

By B.J. Mechling
Red & Black 1918—1922

Submitted by David Harro and
David Rieker

Are you a fan or a fire extinguisher? What is needed is a conservative progressive Phi Delt.

If you don't get the expression, here is exactly what I mean. In every chapter of the fraternity in every state, you will find "fans and fire extinguishers", that is to say, you find men who take hold of some project and although they see obstacles in the road, they push through to success. They see a little flame that is the essence of a good idea and fan it into a blaze. Then there is another class of men in the same chapter who also see the little flame but fearing that it will do harm throw sand on it. It's a pity that such people exist, but it is a good thing that if they must exist, they are the minority-especially in Phi Delta Kappa.

It is true, there are some wild minded fellows who would fan any kind of flame regardless of the outcome. They are as dangerous as the human fire extinguishers and are more numerous. But the real clear thinking individual who can be both a fan and fire extinguisher is the man every organization needs.

The man who can hold a fan in one hand and a fire extinguisher in the other and look at a flame and tell which hand to use is the biggest asset Phi Delta Kappa has. Some

people seem to think a person can not be conservative and progressive at the same time but these self-same people are wrong. The conservative, progressive Phi Delts are the men who are bringing the organization to the front today.

It doesn't take ten or fifteen pages to explain what I am driving at and now that you have finished reading this article, just pick up a mirror, look into it, and ask the guy you see there, Are you a fan or a fire extinguisher?

Hello From The Sweetheart
By Diana Dull

Hello from the National Sweetheart, better known as “the girlfriend” (thanks Pappy). I am still reeling from the news that I am the new National Sweetheart! Thanks to all who voted for me and I want to assure you that I will do my very best! I am so honored to be chosen and proud to be joining such an elite group of women. And words cannot express how special it was to be crowned at Beta Eta! It definitely felt storybook, lol!

I would like to congratulate Karen Williams on her past year and moving to the PNS group. I am sure she will still be seen at many chapters. I know she enjoyed her time as Sweetheart and I am looking forward to hearing more of her adventures of the past year.

I would like to congratulate Chris L. on being the newest Chapter President of the year. It is my goal to learn how to correctly pronounce his last name before the year is out. I would also like to congratulate Bruce Smith on becoming the newest Outer Guard. I know you will do the office proud. And Sarah, you will add a little more spice to the national officers wives. Good luck to Brian Nelson in the coming year as National President. Good luck to all of you as we move into a new year.

I would like to thank each and everyone that attended the 106th Convention from Florida, Mississippi and elsewhere in Indiana. We could not have been a success without your participation.

To my home chapter, Beta Eta, I cannot thank you enough for all of your hard work and participation in this years convention. You are the ones that made it happen and I hope you were all able to enjoy it! Thank you also for your support of me as National Sweetheart. The good wishes and congratulations mean so much from everyone but it is a little more special coming from your chapter family. Thanks to all the guys and I’d name them but I don’t think its necessary since I supposedly danced with all of them, Brian, lol. Thanks to all my Beta Eta sisters and thanks for your support.

Thanks to the Posse and the wisdom that I have received from them will not be forgotten! To the Posse Leader, Deb Reid, enough said. I’m just saying!

A big thank you to Jeff and Brenda Woolf, Kathy and Zeke Horner, Todd and Christina, for they have been our travel partners for most of the conventions I have attended along with other chapter visits we have made.

Last but not least, thanks to my husband, Scott Dull. He is the reason that I am even considered for this high honor. I have enjoyed sharing his love for the Phi Delta Kappa and getting to know his PDK family and making it my own. Thanks Scott, I love you.

Editors Note

As Editor it is my job to make sure that all article are printed that are received. The National Sweetheart article was received and not printed as received by the due date. It was a serious error and I am very sorry for this omission. I have reprinted the online version and will print in the October issue for print.

CHAPTER DIRECTORY & SUPERVISION

(Initials "RA" indicate belonging to the Phi Delta Kappa Relief Association)
(Number after chapter indicates year of installation)
